

What We're All About

Using an age-appropriate curriculum, Elite Soccer Training provides students with a fun and structured environment where they develop soccer fundamentals as well as learn life-long skills. Students from pre-school through elementary school learn the basics of the fastest growing US sport while building their confidence. Benefits of our program include:

- * Create an active lifestyle at an early age
- * Increase individual skills
- * Develop team building skills
- * Build communication skills
- * Age appropriate instruction from professionals
- * Learn soccer fundamentals
- * Improve motor development, agility, coordination

Our History

Our founder, David Kenga, is a youth soccer coach and former professional player. David played at Winthrop University where he earned many accolades including being tied for 1st Nationally in total assists and assists per game and leading his team to a 1st place finish in their division. David went on to play professionally for the Indiana Invaders, Charleston Battery, SC United Bantams, and the Kenyan National Team. After having children of his own, David saw the importance of creating a healthy, active lifestyle, and Elite Soccer Training was formed. David and his staff are experienced professionals who work to inspire children to live fit and healthy lifestyles.

Our Programs

Preschool - Using fun and creative games, our weekly sessions focus on basic soccer skills like dribbling, passing and shooting. We also incorporate a character lesson in each session such as sharing or teamwork.

We introduce your child to the beautiful sport of soccer and provide the foundation needed to get started in the sport.

Elementary - This program is for children who are new to the sport or who want to build upon what they have already learned. Using team games and competitions, we focus on individual foot skills, fitness and sportsmanship. Students will also be taught technical elements of the game that are needed to play on competitive teams.

We're Training At Your School!

When: February 5th - May 28th, 2018
